

## **GEOGRAFIA CULTURAL - UMA BIBLIOGRAFIA**

O propósito desta bibliografia é o de oferecer ao leitor interessado na dimensão espacial da cultura ou na história do pensamento geográfico em geral, um conjunto de referências básicas sobre a geografia cultural. A bibliografia sobre o tema em questão é vastíssima e aqui é oferecida uma pequena amostra representativa que, infelizmente, não contempla a rica tradição alemã em geografia cultural.

Foram selecionadas aquelas obras que fossem livros-textos, coletâneas e artigos de avaliação ou de posicionamento metodológico sobre a geografia cultural. Em nenhum dos casos contemplou-se um sub-campo específico da geografia cultural. Estudos preponderantemente empíricos, por outro lado, que são os mais numerosos, foram excluídos.

Que esta bibliografia contribua para o desenvolvimento deste campo da geografia entre os geógrafos brasileiros.
